

Other Uses

Flame-

Weeds in your yard, garden, concrete cracks, rock garden, driveways, and long fence lines. Flaming reduces or eliminates spraying chemicals

Burning -

Heavy weeds and brush, stumps debris and more. Great for burning off irrigation ditches, fields and culverts.

Remove-

Paint, grease, oil, plastic, and other residues from metal and concrete.

Heat-

Metal Castings, pipe and tubing, branding iron, pots, kettles, tar, asphalt, and roofing materials
