DRAINAGE PRESENTATION:
Alex Mastellar, Rinke Noonan Law Firm, met with the board for a drainage presentation. There were ten concerned citizens in attendance for the presentation. Mastellar did an overview of relevant drainage statutes in SDCL 46A-10A. He reviewed SDCL 46A-10A-20 and the six legal controls for drainage management. He stated any upstream landowner may drain downstream to a natural watercourse. He discussed the county’s drainage plan, permitting process, and 2002 Drainage Ordinance. He pointed out Section 2.10 Evaluation of Permit Applications in the 2002 Drainage Ordinance to the board. There are very technical factors to be considered with the permit application. If he was working on a case with drainage, he would hire an engineer to evaluate the factors. Many
times, drainage complaints are a “neighbor issue” and the commissioners are put in the middle. The commissioners are acting like a judge to make a determination on drainage disputes but cannot award damages. Mastellar believes the state statute on drainage is sufficient and no unreasonable hardship or injury to the owner of the land receiving the drainage can occur. The commissioners discussed the following: permit is not needed for drainage maintenance, the commissioners are not engineers, should the farmer/landowner/renter be required to hire an engineer, drainage was started due to a shooting in Turner County in 1985, drainage records are important and should be passed with land sold and transferred, the tile mapping should be kept up, and the county follows many state statutes and could be sued over any of them. Mastellar suggests amending the drainage plan to exclude the Drainage Permits section and repeal the 2002 Drainage ordinance or within the ordinance delete the permit section. The statute of limitations was discussed. Mastellar told members it is 6 years from when something is noticed. Mike Phelps and Scott Backus asked questions of Mastellar. Mastellar sees more cases in counties that have ordinances.

Motion by Reinicke, second by Johnson, to approve the wage increase due to recent training from $18.73 to $19.50 for Micah Hofman, Deputy Sheriff, effective March 1, 2019. Motion carried.

SLA RADIO ENCRYPTION GRANT:
Kody Keefer, Emergency Manager, told the board he will apply for an SLA Radio Encryption Grant for 2019. April Denholm, 911 Comm Center Director, was also in attendance. Emergency Management has 3 radios and 911 has one radio that will receive the software. The grant is a 50/50 cost share grant. The radio shop charges $75 per radio to do the programming which will not be reimbursed. The total cost to EM will be $3,436.50 with reimbursement of $1,605.75. The software cost for 911 will be $825 with reimbursement of $375. Motion by Reinicke, second by Johnson, to approve the EM pursuing the radio encryption grant. Motion carried.

DIVE TEAM STANDARD OPERATING GUIDELINES:
Emergency Manager Keefer met with the board to discuss the Lake County Dive Team Standard Operating Guidelines. CAO Shelli Gust told the board the commission has the ultimate authority for the public safety diving program and related activities. Subsequent changes can be recommended by a majority of the Dive Team members to the Dive Team Advisory Board and approved by the Dive Team Advisory Board. Motion by Johnson, second by Reinicke, to approve the Lake County Dive Team Standard Operating Guidelines. Motion carried.

DIVE TEAM ADVISORY BOARD:
The Dive Team Advisory Board consists of the Emergency Manager, Lake County Sheriff, one County Commissioner, and the Chief Diver who is appointed by the other Dive Team Advisory Board members. Motion by Reinicke, second by Slaughter, to establish the Dive Team Advisory Board, which shall consist of the Emergency Manager, the Sheriff, Commissioner Wollmann, and the Chief Diver who will be appointed at a later date by the other Dive Team Advisory Board members. Motion carried.

ACTIVATION OF DIVE TEAM:
CAO Gust told members “Activation” of the Dive Team means the commission is taking official action to authorize the Dive Team, in accordance with the Standard Operating Guidelines, to engage in public safety diving activities and respond to calls for service for water-based rescue and recovery services to the people and property of Lake County, as well as provide mutual aid to outlying jurisdictions or agencies that they are called upon to serve or assist. Motion by Johnson, second by Slaughter, to activate the Lake County Dive Team and authorize the Lake County Dive Team, in accordance with the Lake County Dive Team Standard Operating Guidelines, to engage in public safety diving activities and respond to calls for service for water-based rescue and recovery services to the people and property of Lake County, as well as provide mutual aid to outlying jurisdictions or agencies that they are called upon to serve or assist. Motion carried.

EASTER HOLIDAY WEEKEND:
HR Shelli Gust told the board Governor Noem has declared the entire day on Friday, April 19th and Monday April 22nd as state holidays. Lake County will also observe these holidays per a prior motion of the board this year.

DRAINAGE PLAN/ORDINANCE:
CA Gust asked the board for input on the drainage presentation by Alex Mastellar, Rinke Noonan Law Firm, at the February 19th meeting. Commissioner Slaughter would like to continue to look at drainage, would like to see neighbors talking, and wants a minimum expense to taxpayers. Commissioner Reinicke would like to get rid of the drainage ordinance and plan. She said there is
state law concerning drainage, it may put the drainage officer in a bad spot, is a big liability, and should hydrology studies be required for anyone seeking a drainage permit. Commissioner Johnson feels this gives neighbors the opportunity to speak about their drainage plans. He also has concerns for downstream landowners. Mandi Anderson, Drainage Officer, was asked for her opinion. She thinks it is difficult to prove the 6 factors in state law, SDCL 46A-10A-20, for drainage management. She stated the hydrology study would only show what’s on that property and it is hard to prove a hardship. Motion by Reinicke, second by Slaughter to have CAO Gust draft an ordinance to repeal the Drainage Ordinance and Plan. Johnson nay. Motion carried.

**ADJOURNMENT:**
Motion by Reinicke, second by Johnson, at 11:23 a.m. to adjourn. Motion carried. The next meeting will be held on Tuesday, March 19, 2019 at 9 a.m.

Sandra Menzel and Stacey Keith appeared before the Ramona board and asked for an assessment of $125,000 as that is the price the property sold for. Local board made no change to the valuation. Chair Wollmann acknowledged receipt of written documents and accepted them into the record. Menzel told the board she believes the business would have closed had she and Stacey not bought the business. She believes due to the size of Ramona it is not the best location for an assisted living center. Becker showed the board the comparisons with other assisted living centers in surrounding counties. He viewed the property and took pictures on April 4th 2019. He told the board the property is receiving a 10% discount for functional obsolescence. He did not believe a mortgage redemption is a sale price. He would recommend an additional 10% discount for economics being in Ramona. The director recommends an adjusted building value of 238,800 and land value remaining at 7,000. Motion by Reinicke, second by Hageman, based on the recommendation of the DOE to approve the building value of $238,800 and land value of $7,000 for total value of $245,800 for CB19-01. Motion carried.

Auditor Janke announced to the Wagaman’s the commissioners who were convening as a County Board of Equalization. Chair Wollmann acknowledged receipt of written documents and accepted them into the record. Jan Wagaman told the board they are being assessed at market value for their building. She discussed comparable properties especially the property at 6621 Wentworth Park Dr. She disagreed with the quality of construction of their cabin. Becker provided Quality of Construction information to the board. He did a walk-thru of the property on March 29th with a friend of the Wagaman’s. Becker discussed comparable properties with the board. After review of the comparables, Becker believes the quality should be adjusted to 1.25 and to adjust the age and depreciation of the cabin. He recommends adjusting the building value from $60,800 to $40,600 with the land value $154,700 unchanged. Motion by Reinicke, second by Johnson, to approve the director’s recommendation of building value of $40,600 and land value unchanged at $154,700 for total value of $195,300 for CB19-04. Austin Parks told the board he did appeal to the Lakeview Township board where an adjustment was made. Chair Wollmann acknowledged receipt of written documents and accepted them into the record. Commissioner Reinicke was a member of the Lakeview Township Board and that will not hinder her decision. He told the board he is being assessed $104 a square foot and other comparable properties are being assessed at $80 a square foot. He believes the assessment for the building should be $407,900 instead of $535,300. Becker reviewed the property on April 7th. He reviewed the Quality of Construction information with the board. He told the board four of his comparables were after the November 1st deadline. Becker believes the quality of the building should be adjusted to 4.25 and change the effective age of the building with the building value at $413,700 and land unchanged $104,100. Motion by Reinicke, second by Johnson, to approve the director’s recommendation of building value at $413,700 and land unchanged at $104,100 for total value of $517,800 for CB19-05 on parcel 06640-10652-04010 and no change to parcel 06014-10652-03010 of $10,800. He stated he is not overpaid. Auditor Janke asked the board to discuss the raise proposed for Paula Barrick at the last meeting. Janke told the commissioners Barrick was started at a low rate and has more responsibility in the auditor’s office. Janke was told when preparing 2019 budget that no employee adjustments would be made so she did not include any in her budget. Hwy Supt Fedeler said he reduced two full-time employees and a part-time employee from the 2019 budget as he was directed to do. His budget was reduced $400,000 for 2019. The Hwy Dept is now fully staffed. Commissioner Reinicke said no more adjustments will be made in the Hwy Dept in 2020 if this is approved. **PUBLIC HEARING/2ND READING ORD 19-70:**
The Public Hearing and Second Reading of Ordinance #19-70, An Ordinance repealing Ordinance 02-38 and all amendments made thereto, Repealing the Lake County Drainage Plan, and Dissolving the Lake County Drainage Board began at 10:15 a.m. Twenty-eight concerned citizens were in attendance. CAO Gust gave an overview why the board is considering this ordinance. She discussed the following: counties are not required to have a drainage ordinance, the county does not need to be a layer of government managing drainage, the findings with drainage require specialized knowledge, commissioners act as a mediator, and the ordinance is more restrictive than state law. Wendy Kloeppner, States Attorney, told the board not many counties in SD are in the drainage business. After contacting several attorneys, she believes it is a legal liability to permit drainage. Chair Wollmann read the ordinance title. The following signed in and spoke during the meeting: Leroy Erickson, Bill Krech, Dale Droge, Brian Erickson, Duane Phelps, Charley Zwart, Rob Thuringer, Gene
Anderson, Lois Erickson, and Charles Johnson. Commissioner Reinicke stated her opinion on drainage has changed since she was the drainage officer to now being a commissioner. Now she is looking at the taxpayer dollars with litigation. She told those in attendance eliminating the drainage ordinance does not eliminate tiling just the county is no longer involved. She stated there are no drainage experts at the county and doesn’t want to have the drainage applicants pay for an engineer. Commissioner Slaughter stated he could go either way with drainage. Repealing the drainage ordinance would remove one layer of the process and may encourage more tiling. He also sees good points to having a board. Commissioner Johnson has gone back and forth with this issue but is in favor of keeping the drainage ordinance. He stated there is always vulnerability being on a commission. Commissioner Hageman said drainage is very useful and it’s better getting people together talking rather than going to court. He doesn’t believe drainage is a burden and they have had many successes. He is in favor of the ordinance. Chair Wollmann has seen both sides. She said she has been personally sued on drainage and doesn’t want to see her name on that paper again. She believes in tiling and people can still tile. She said it is a hard decision but the ordinance needs to go. Commissioner Reinicke stated if the county is sued, taxpayer dollars will have to be used and she is here to protect the tax dollars. Chair Wollmann stated there is state law in place. Commissioner Slaughter stated when he took the commission job, he knew he could be personally sued. He questions if their defense would be good enough to prove their decisions. Motion by Reinicke, second by Slaughter, to approve the second reading and adopt Ordinance #19-70, An Ordinance repealing Ordinance 02-38 and all amendments made thereto, Repealing the Lake County Drainage Plan, and Dissolving the Lake County Drainage Board. Hageman nay. Johnson nay. Reinicke aye. Slaughter aye. Wollmann aye. Motion carried. Rob Thuringer asked a question earlier in the meeting concerning what happens with Game, Fish & Parks if the ordinance is repealed. The question was asked again by Rosee Hansen. CAO Gust told her civil action would have to be taken. Charles Johnson asked questions about state law related to damage. CAO Gust referred him to SDCL 46A-10A-20.

COUNTY VSO/AMERICAN LEGION PROPOSAL:
HR Gust told members Commissioners Slaughter and Wollmann met with Travis Flisrand, Dept Adjutant with the American Legion Department of SD, regarding a potential office share partnership with Lake County. Courtney VanZanten, VSO, would like her position moved toward a full-time position. The American Legion position would be 3 days a week. The Lake County position is a maximum of 19 hours a week. Motion by Reinicke, second by Slaughter, to authorize HR Gust and Director of Equalization Rick Becker to fill the administrative assistant (DOE Clerk) position in the Equalization office with a range advertised $14-$18. Motion carried.

2019 WAGE ANALYSIS:
The wage scale committee consisting of Commissioners Johnson and Slaughter and HR Gust have been working to have wage recommendations for 2020 budget. The wage scale has not been updated since 2013 and is useless and not competitive. The scale does not include step raises. County employees receive cost of living increases. The committee proposes a 3% cost of living increase for 2020 budget and 23 employees receiving additional adjustments. The committee has figured an “ideal wage scale” based on what will be raised with CPI and growth for 2020 budget. The COL and adjustments may cost approximately $150,000. The wage scale would need to be reviewed each year. The 2020 budget requests cannot increase using the CPI and growth dollars for these wage recommendations. Motion by Reinicke, second by Hageman, to approve the committee move forward with their recommendations. Motion carried.

PERSONNEL/DOE OFFICE:
DOE Becker met with the board for their response to his request on April 16th for a $1 an hour increase for Jennie Larson, Certified Field Appraiser. Commissioner Slaughter told Becker the wage committee will start reviewing rates/salaries with department heads. Becker told the commission he would like his request acted on now. He told the board since adjustments were given to the Hwy Dept. it is only fair that others receive adjustments and he has room in his budget to absorb the added cost. Commissioner Reinicke said the health insurance renewal with Avera will save money which could go toward salaries. Commissioner Slaughter told Becker that Larson is within the limits on the current wage scale. Motion by Slaughter, second by Reinicke, to leave Jennie Larson as is for now and address it with Becker when the committee meets with department heads. Motion carried.

PERSONNEL/AUDITOR’S OFFICE:
Roberta Janke, Auditor, met with the board to discuss her request for a $1 an hour increase for Paula Barrick, Deputy Auditor I. She told the board she has confidence in the wage scale committee that an appropriate increase will be budgeted for Barrick beginning in the new payroll year. She told the
board she has hired Erin Tisdall, Deputy Auditor II, at $15.50 per hour effective on May 20, 2019. Motion by Johnson, second by Reinicke, to approve the hire of Erin Tisdall, full-time Deputy Auditor II, Grade 1, at $15.50 per hour effective May 20, 2019, contingent upon a background check. Chair, Lake County Commission

ATTEST:

/s/Roberta Janke
Lake County Auditor

HEALTH INSURANCE RENEWAL:

Brad Peterson, Fiedler Insurance, met with the board for the annual health insurance renewal effective July 1st. He told the board many options were discussed with the Health Insurance Committee of Commissioners Johnson and Reinicke, Auditor Janke and Deputy Auditor Paula Barrick. He reviewed the Wellmark renewal and Avera plans. The board recommends switching to the following Avera plan: single deductible $2,500/family deductible $5,000, coinsurance 80%/20%, out of pocket single $6,000/family $12,000, office copay $35, Emergency room $200 copay, preventive service 100%, chiropractic care $35 copay, and RX coverage $12/$35/$50 $100 per member deductible (waived for generics). The single premium cost is $498.19, employee/spouse $981.40, employee/children $909.94, and family $1,452.16. The renewal price with Wellmark for a single ($6,350 deductible) premium is $656.20, employee/spouse $1,320.85, employee/children $1,222.55, and family $1,968.37. The county pays the entire single premium. With Avera there will be substantial savings and better benefit options. Commissioner Reinicke discussed the two employee meetings held with Peterson and an Avera Representative on May 2nd. Tim Walburg and Deb Blanchette asked Peterson questions on coverages. Motion by Hageman, second by Slaughter, to approve the Avera Plan for health care for employees from July 2019 to June 2020 with the county paying the entire single premium. Motion carried.

VISION/LIFE INSURANCE:

Paula Barrick, Deputy Auditor, told the board the vision insurance with Optilegra will not increase. The current premium is $8.94 for the Silver 130 plan. The life insurance with UNUM is a two-year contract so the premium remains the same at $4.80 per month for the $20,000 plan. Motion by Reinicke, second by Johnson, to approve Optilegra Silver 130 at $8.94 per month and Unum $20,000 life insurance at $4.80 per month. Motion carried.

HLS GRANTS/SHERIFF DEPT:

Tim Walburg, Sheriff, told the board he has applied for a Homeland Security Grant, HLS-2019-Lake County Sheriff’s Off-00273, with Region 1 for communications. Lake County emergency responding agencies will be converting all radio communications over to the SD state radio digital system. The grant is for Kenwood Digital portable and mobile radios. AES encryption will be added for law enforcement only. The total price for this equipment is $112,996.46. A second application, HLS-2019-Lake County Sheriff’s Off-00417, is for six Kenwood digital radios and encryption for the 911 Communication Center. The cost for this equipment is $16,186.80.
DISTRESS WARRANTS:
Sheriff Walburg told the board each January the treasurer gives the sheriff distress warrants for delinquent taxes. Many of these delinquent taxes involve mobile homes that have been destroyed or moved away without title changes. Others are property on a leased site so there would be a tax notice for the landowner and a tax notice for the mobile home or grain bin. The sheriff attempts to collect these taxes. So far this year, the sheriff has collected 21 amounting to $8,992.45. Sixteen are still open. Auditor Janke told the board these old mobile home and real property taxes cannot be abated. Legislative audit has suggested after proof that the taxes are not collectible, they should be moved from the delinquent list to an uncollectible list.

REPORTS/SHERIFF & JAIL:
Sheriff Walburg reported the following to the board concerning the sheriff and jail departments: Deputy Rowe will be attending a rescheduled training, employee will be taking military leave, has to limit vacation requests, entire west side of jail is female prisoners, recently the Chief Deputy flew to Alabama to pick up a female prisoner as flying was cheaper, discounts are requested for medical care for prisoners with the hospital, and Correctional Officer Lisa Lee and Deputy Steve Rowe have found a prescription drug card that provides substantial savings to the county.

EM/VEHICLE PURCHASE:
Kody Keefer, Emergency Manager, met with the board to discuss his 2019 vehicle purchase. After speaking to John Draper, Prostrollo’s, the vehicle Keefer planned to order cannot meet the EPA emissions standards. He provided a handout with three vehicles. He preferred the Chevy 2500 ¾ ton work truck at $28,780 as this would be within his budget and has the towing package he needs. New versus used vehicles and buying off the SD Federal surplus property listing were discussed. He is allowed $29,500 including accessories for vehicle purchase this year.

BRANT LAKE CITY/TWP ROAD:
Dave Phillips, Brant Lake City President, and Karen Reiff, Brant Lake City board member, met with the board to ask the commission to take over a ¾ mile stretch of township gravel road 238th St (from
464th to 463rd) and the road be hard surfaced. He presented a handout showing tax evaluation, county revenue, and county hard road to town comparison of the cities in Lake County. They are asking the county commission to budget for this hard surface project. The commissioners discussed the following: county doesn’t oversee the townships, county cannot afford to take on another road, the Broadwater road was swapped with Wentworth Twp for another road, Herman Township has private developments, county has a five year plan which is reviewed and updated each year, referred them to LTAP, road district to levy for this, and the Hwy Supt would need to be involved in this. Motion by Slaughter, second by Reinicke, to postpone a decision based on the Hwy Dept 5-year plan and advise them to meet with the Hwy Supt. Motion carried.

**BOARD OF ADJUSTERMENT:**

Motion by Johnson, second by Slaughter, to enter into a board of adjustment. Motion carried.

**ZONING/COND USE:**

Mandi Anderson, Zoning Officer, presented the following conditional use applications to the board.

**#19-04 Conditional use for CAC Holdings, LLC, Chris & Amanda Carlson,** Lots 3A & 4A Marr’s Beach Addition in Govt Lot 6 SW ¼ Section 22-106-52, Lakeview Township. Chris Carlson was present to discuss his request to build a multi-family home. Motion by Johnson, second by Slaughter, to approve CU 19-04 for Chris & Amanda Carlson and adopt the findings and specific conditions outlined in the staff report. Motion carried.

**#19-06 Conditional use for Anita Greenhoff, Michael Greenhoff-son,** Lots 21& 22 Stensland & Stout Subdivision, NW1/4 Section 23-106-52, Lakeview Township. Michael Greenhoff and Lindsay LePera were present to discuss building an attached garage with dimensions greater than 1,200 sq/ft. Anderson told the board the planning commission added a condition to install a gutter system if needed. LePera told the board with all the trees it is hard to keep the gutters clean. Motion by Slaughter, second by Johnson, to approve CU 19-06 for Anita & Michael Greenhoff and adopt the findings and specific conditions outlined in the staff report and with the condition: to install a gutter system to the east side of the new structure and to capture the water directly and shed it to the lakeside instead of onto the neighbor if needed to prevent drainage issues in the future, if the neighbors say the gutters are needed they are to do gutters. Motion carried. Commissioner Reinicke recuses herself from CU #19-05.

**#19-05 Conditional use for Albert Lee Yager & Donna Flying Horse “Gravel Pit”,** a portion of Tract 3 B. Price Addition W1/2 Section 15-106-52, Lakeview Township. Lee Yager and Donna Flying Horse were present to discuss their request to expand their mining site plan. Anderson told Yager and Flying Horse there were only 4 voting members and no alternates were available today. She told them the decision today had to be a unanimous decision. Yager told Anderson this was fine. Yager told the board originally, he didn’t know about the 1,000-foot setback. He told the board he needs this conditional use in place so he can fill potential jobs. He told the board the law states the 1,000 feet is from the residence not the property line. The planning commission approved the conditional use with the added condition: the mining of the gravel will stay 450 feet back from the adjacent east property pasture line. Yager compared valuations of the Bessman property to the Weber property and felt the sewer pond in the area was the reason for property sales in the area. Flying Horse told the board the area will be reclaimed when it is mined out and the setback should be 1,000 feet from the residence. The board next heard from Janet Weber, property owner to the east, who was accompanied by Dick Ericsson, Attorney, and Mitch Peterson, Attorney with Davenport Evans. Weber presented a handout to the board which she read. The commissioners were presented and read copies of letters from SandCreek Animal Clinic, Dr. David E. Schultz, Jim Hanson, DVM, Winchester Place Thoroughbreds LLC, Lorie Michaels, Miguel A. Silva, VH Training Stable, Theresa Hanson, Jay Dailey, Breeder and Auctioneer, and Zoelle Racing LLC, Vickie and John Zoelle. Weber told the board she doesn’t believe Yager has met the conditions of the original conditional use permit issued in May of 2016 and now he comes to seek permission to mine closer to her property line. She objects to the conditional use for the following conditions: affects the value of her property which she would like to sell and inhibits her use of the property in a business she has conducted for 19 years. She has lost clients for her business of raising and boarding thoroughbred horses. The letters she presented supported this
belief. Attorney Mitch Peterson told the board he does zoning and land use work. He told the board they need to do what is best for the county. He referred to County Ordinance 1224-2(H) which states the 1,000 feet is the minimum setback and at the discretion of the board. He questioned if the property is compatible with the adjacent properties and public interest. He stated Weber had a successful horse business before the gravel operation and her customers believe the gravel operation will affect her horse business. He encouraged the commissioners to make Yager abide by the earlier conditional use permit issued in May of 2016. Yager’s response included: has seven employees, competition is good, he was told Weber was moving to Reno, the highway makes more noise, and he would go back to 450 feet from the east property line as recommended by the planning board. Attorney Ericsson told the board to “keep your eye on the ball”. This decision was made 3 years ago and now Yager wants to change it. Chair Wollmann closed testimony. Chair Wollmann and Commissioner Hageman agreed the 1,000 feet from the property line should stay. Commissioner Johnson wondered if there was any compromise to the 1,000 feet from the property line. Dick Ericsson told the board Weber compromised in 2016 and asked the board to keep the line where it is. Motion by Hageman, second by Johnson, to deny CU 19-05 for Lee Yager & Donna Flying Horse because granting of the conditional use may adversely affect the public interest and adopt the findings and specific conditions outlined in the staff report. Motion carried.

**REGULAR SESSION:**
Motion by Johnson, second by Hageman, to adjourn as a board of adjustment and return to the regular session. Motion carried.

**SHERIFF/PERSONNEL:**
Sheriff Tim Walburg met with the board to discuss the resignation of Daniel Hankle, Correctional Officer. Motion by Johnson, second by Slaughter, to approve the resignation of Daniel Hankle, full time correctional officer, effective May 31, 2019. Motion carried.

**APRIL 2019 REPORTS RECEIVED:** Register of Deeds fees $13,023, Auditor’s account with the Treasurer $14,075,094.28 and reconciled balance $14,075,020.70 variance of ($73.67), Zoning fees $2,023, and Sheriff fees $27,680.04.

**ADJOURNMENT:**
Motion by Johnson, second by Hageman, at 11:47 a.m. to adjourn. Motion carried. The next meeting will be held on June 4, 2019 at 9 a.m.

Adam Molseed, Governor’s Office of Economic Development, met with the board to discuss two existing sales and use tax rebate programs, the Reinvestment Payment and SD Jobs programs. These programs have been used to help projects in manufacturing, wind energy, and ag processing industries. In 2019, the capabilities of the programs were extended to livestock development projects. Qualifying projects include feedlots, hog units, poultry, dairies and aquatic animals. A qualifying project means it requires a new county conditional use permit and adding livestock to the state. The GOED needs to be contacted prior to the approval of the conditional use permit. Commissioner Johnson asked a question on commissions being predisposed. Preheim told the board the commission should use due diligence and make the decision if the project is a fit for Lake County and meets county regulations. Commissioner Hageman asked about the timing for getting approved at the state level. Preheim told him the GOED needs up to 60 days to get applications approved and to date none have been denied.

ORD 19-71/CHESTER TWP OFFICIALS:
Chair Wollmann read the Public Comment guidelines. Jeff Brown, Chester Township Chairman, discussed three concerns with Ordinance 19-71/speed zone. The concerns were why is the distance that far out of town, why 30 mph, and is this what Mrs. Anderson was asking for? He told the board many concerned citizens here today knew nothing of the new speed zone until the signs went up. Commissioner Reinicke read the dates from Ordinance 19-71 for first and second readings and publication date. She asked why no one came to the hearings. The following citizens spoke in opposition to the distance for the new speed zone: Keith Alverson, Jeff Hass, Bob Reiff, Tom Reiff, Dale Bunkers, Dan Feige, Shawn Martin, Scott Reiff, Brett Bauman, Brad Benson, Brian Anderson and Jeff Brown. Seven others were in attendance and in opposition to the distance for the speed zone. Other concerns of the group included: no incidents on that stretch of road, who decided ½ mile east and west of the intersection, no input from township officials, no one reads the newspaper, and have any commissioners driven this stretch of road. Keith Alverson presented photos showing the speed zone distances going north and south vs east and west. Sheriff Walburg stated he had concerns from funeral directors when leaving the cemetery. CAO Gust told those present she prepared the ordinance with input from the sheriff and the highway superintendent. The sheriff believed consistency was important. Motion by Reinicke, second by Johnson, to amend Ordinance 19-71 to say ¼ mile west and east of the intersection on 241st, speed limit at 30 mph and direct CAO Gust to draft the ordinance. Motion carried.
